PRESS RELEASE

# IVY PAIGE'S SCANDALOUS!

## **A Little Prostitution with Your Dinner**

**Among the pressed-linen tablecloths and à la carte menus of the city lurks a rough diamond who has captured the hearts and wallets of many. Ivy Paige is a Burlesque bombshell with a unique combination of theatre, dinner, and Whorecraft!**

By now everyone is either familiar or just plain bored with the 'faux' elegance of Burlesque. Fortunately Ivy Paige has been waiting in the shadows to deliver just the tonic: a House of Whorecraft that caters for every taste. Gone are the coquettish looks in favour of an in-your-face style of Burlesque that is truly close to the bone. **Ivy Paige's SCANDALOUS!** sees her troupe of prostitutes and wantons plying their trade for Guineas and serving up flesh by the plateful.

**Ivy Paige** fuses song, storytelling, stand-up and striptease served with ascerbic wit and lashings of audience participation. Upon arriving at the Volupte Lounge, you are treated like Ivy's customers and patrons. You are given Guineas to spend on acts and scandal sheets to read while her ladies of the night prowl the tables, stealing jewellery and plying their trade.

Included in your ticket price is a three-course meal accompanied by the crème de la femme of the Burlesque scene, **Roxy Velvet**, **Ruby Blues**, **The Paige Girls**, as well as the Opera Sensation **Baroness Tamera Von Stein** and of course the dashingly handsome **Marquis of Gray**. Expect a bawdy night of lust, lipstick, libertines and lovers

Londoners beware: attending such a night guarantees the end of a fine reputation and the start of a wonderful SCANDAL!!!
